## SUN BEAMS

by WALTER M. BARRETT

For nearly four years that we know of Truckee residents have been urging establishment of a county library. There is little use to again point out the need of such an institution, especially in the districts not immediately adjacent to the fine libraries maintained by the cities of Nevada City and Grass Valley. Last week another try was made to have a county library started and we can only earnestly urge that the action be followed through to a successful conclusion. In this regard, we take pleasure in quoting from our contemporary, the Grass Valley Morning Union, which has always been a supporter of worthwhile projects for the county: "In one respect," says the Union, "the county of Nevada seems lagging—it is one of less than half-dozen counties of the state which has no county free library. At intervals for several years past, sporadic efforts have been made to bring about the establishment of such library. At this time such effort is being renewed with interest apparently more widespread than formerly. County libraries are operated under the direction of the board of super visors and financed by imposing a small tax on a county-wide basis. It is, of course, true, that adequate municipal library facilities exist in the cities of Grass Valley and Nevada City, but it is also true that the smaller towns and rural communities are deprived of such inistitutions. In fairness, it would appear that the long-standing oversight might well be corrected.

The work of the so-called "Clean-up Committee" seems to be contagious and it is pleasing to note that a number of local property owners are falling in line with the plan by applying fresh coats of paint to homes, preparing gardens and in general working to mark Truckee as one of the cleanest and best dressed little towns in the state.

In less than a week, the annual influx of nimrods to Truckee and Lake Tahoe will start. These fishermen have come to accept our region as their vacation land and can always be assured of ample fun and while fish are not guaranteed, even to the anglers more familiar with the various local streams and lakes, we know the fish are there and after all the fun comes in the chance we take in pitting our skill against the very wary fish.

Don't forget to mark your date book as filled for May 10. That is the night of the annual high school play and we know you will not want to miss it. The cast is working hard to provide entertainment and soon tickets will go on sale as a student body benefit. Our student body gets little enough and only through the efforts of the students and we feel they are worthy of this support.

Truckee deserves a good band or orchestra. There are many fine musicians here and they should attend the meeting Tuesday to discuss the suggestion.

At this season of the year the whole community becomes infested with itinerant peddlers and salesmen, all offering "exceptional bargains" in all commodities. Many times these so-called bargains turn very sour and we counsel you to refer the peddler or salesman to your chamber of commerce before giving him audience for once he gains your ear, half his battle is won and the chances are you will be stuck. It is a bad policy even to listen to these glib salesmen. Take your needs up with your local merchants and be safe.

## Man Injured By Car On Summit

### Many C'ted By Patrolmen In This District During Past Week

With the warm weather bringing increasing numbers of motorists to the vacation regions, local highway patrolmen are finding themselves busy and during the past weekend nine offenders were cited together with six caravan cars being tagged.

One man, Edward Lee, 60, 895 Sutter street, San Francisco, a pedestrian was struck while walking on the highway near Hampshire Rocks last Saturday evening by a car driven by Henry Bews of Walker Mine. Lee was seriously injured having a compound fracture of one leg, fractured pelvis and possible concussion. Bews was not held but further investigation is expected to follow.

Monday six caravan cars were cited into the patrol office at Sacramento by Patrolmen Ellis McCann and A. C. Barrick. These cars were in the possession of drivers of the Shrader Transportation Company of South Bend, Indiana.

Donnie C. Turnage of Tahoe City was cited Monday by Patrolman McCann to show cause why he should not take out California registration.

Officer McCann held his first regular operators' and chauffeurs' examination Monday with 12 applicants from Truckee and Tahoe passing tests and receiving their licenses. The tests are held each Monday from 9 a. m. to 1 p. m.

The following violators were cited by Patrolmen McCann and Barrick: Clyde E. Chatlin, San Francisco, for speeding; Lewis E. Gardener, Oakland, speeding; John C. Glover, Colfax, speeding; John D. Durham, Reno speeding; Simeon E. Edises, Stockton, speeding; Richard Scaul, Piedmont, speeding; Robert Emerson, Oakland, speeding; Harry Stone of Sacramento, careless driving and Vernon W. Geddes, San Francisco, speeding.

## PLANS ARE MADE TO HOLD COUNTY FAIR SEPTEMBER 21— 22

The 17th Agricultural District of Nevada County will hold the annual fair and horse show in Grass Valley September 21 and 22, C. Edmunds, a member of the board said.

Premiums of $6,600 will be distributed during the exposition for products raised or made by people of the county.

Local residents will be asked to present pies, cakes, pickles, candies and other foods for the display and judging along with entries from the manual training classes of the local schools and artistic flower arrangements which also will be judged.

Booths may be entered by organizations, including the chambers of commerce this year.

With increased interest and attendance of the fair, Edmunds said it is possible to obtain the amount of $100,000 for permanent buildings to be an asset to the county.

## NEW PRESIDENT OF ROTARY DISTRICT NAMED AT MEET

Verne Pearson, president of the Truckee Rotary Club this week attended a district convention of the Rotary Clubs of the 105th district held at Marysville and which ended yesterday. More than 700 registered at the convention.

## LAST RITES ARE HELD AT RENO FOR MRS. MARTHA KIELY, 80

Graveside rites for Mrs. Martha Kiely, 80, mother of Mrs. George Moore of Oakland, were performed by Father John McGoldrick of Portola at Reno Tuesday. Mrs. Kiely died in Oakland the latter part of the week. Funeral services were held at the bay city before the body was brought to Reno.

The deceased had many friends in Truckee where she had been a resident. She is survived by six children beside Mrs. Moore who also made her home here until two years ago. Interment was in the family plot in the Catholic cemetery.

Father William Daley, Mrs. E. J. Campbell, Mrs. Charles Cabona and Mrs. Claire Ellert were some of the local people who attended the rites at Reno.

## JOHN FOY OF RENO, KNOWN HERE, WEDS

John Bernard Foy, prominent Reno attorney, who has often visited in Truckee when district governor of the Lions, was married at a simple but impressive ceremony at the Reno Baptist Church Sunday to Mrs. Abbie Elizabeth Miller. Rev. Brewster Adams officiated. Mr. and Mrs. Foy left on a wedding trip and will be home to their friends in their recently completed home after May 15.

## ANOTHER MEETING IS CALLED HERE TO MAKE BAND PLANS

Professor Henry Risser of Reno who is interested in organizing a band or orchestra in Truckee, said that a meeting of all musicians and prospective musicians who are interested in the project will be held at the clubrooms over the Capitol next Tuesday evening at 7 o'clock. Because of a misunderstanding the last scheduled meeting for the purpose was postponed.

A number of local musicians have evidenced a desire to be part of one of the two proposed organizations and should be on hand at the meeting.

**ENTERTAIN SKIERS**

TAHOE CITY, April 25.— A luncheon party of noted skiers who were entertained at the home of Mr. and Mrs. Carl Bechdolt, Jr., recently included Lisl Durrance, Miggs Jennings Henry Simoneau and others. The skiers were en route to the meet at the Sugar Bowl.

## Prospects For Opening Trout Season Bright

### All Streams Accessible For Motor Travel In This District

### SOME GOOD FLY FISHING

### Most Streams Too High For Casting, Local Experts Declare

Prospects for good fishing in the Truckee-Lake Tahoe district loom brighter this season than for many seasons past, according to those who are more familiar with the subject.

These bright prospects are attested to by the good catches coming from the Truckee river in Nevada opened April 15. Bob Caruthers, who has topped local fishermen in the Nevada waters has displayed two fine catches, which varied in size from half a pound to two pounds.

**The season opens here next Wednesday morning on the Truckee and tributaries, Lake Tahoe and Donner Lake. Streams leading into the lakes will remain closed until May 31, as will Webber and Independence Lakes.**

While for the most part water may be too high for good flycasting, the Truckee river between Squaw Creek and Tahoe will afford anglers of this type of fishing good results as the fish are reported feeding from the top of the water. Between here and the state line, the water will be high but should prove profitable for bait users and spinner fishermen.

Nearly all streams will be accessible to cars providing the weather does not change materially. Squaw Creek, Cold Stream and Sagehen are still snowed in, but the Little Truckee, Prosser and Martis creeks, although high can be reached easily.

Game Warden William LaMarr who recently made a survey of the district, reported most streams high but accessible. All fishermen were urged to familiarize themselves with the laws governing closed streams and other facts before venturing upon a trip.

### Workman Is Injured In Fall Off Scaffold

TAHOE CITY, April 25.— Fred Anglade of Tahoe City fell from a scaffold last week while working on a new house at Rubicon, breaking a small bone in one foot. He was taken to Reno for treatment and will return to work soon.

## SUN VALLEY SKIER WINS HONORS AT SUGAR BOWL MEET

NORDEN, April 25.—(UP)—Freidl Pfeiffer of Sun Valley, Idaho, national slalom champion, Sunday won the first annual Sugar Bowl Silver Belt Reisen slalom over a difficult mile and a half course, defeating some of the nation's foremost skiers. The meet was sponsored by the San Francisco Junior Chamber of Commerce.

Dick Durrance, Sun Valley, national downhill champion, finished second and young Bill Redlin of Seattle, competing for the Washington Ski Club surprised the experts by placing 3rd.

## CRIPPLED CHILDREN CLINIC WILL BE HELD

Arrangements have been completed for the Nevada County Crippled Children's Clinic sponsored by the State Department of Public Health, according to Dr. W. M. Dickie, director of the department. The clinic will be held in Nevada City Elementary school Thursday, May 2 from 9 a. m. to 4 p. m. Dr. Don King, professor of orthopaedic surgery at Stanford Hospital in San Francisco will be the examining specialist.

Further information regarding the clinic may be obtained from the public health nurses at Nevada City.

**Leave Truckee—**

Mr. and Mrs. Frank Maier left Truckee this week.

## WAR GUILT

The war-guilt question, fountain-head of bitter disputes in the years following the Versailles peace conference, will evidently not become an issue at the end of the present conflict of European powers.

The question of guilt has already been settled, if we take Dr. Goebbels word for it. The "White Paper", issued by his government, accuses the United States, through its representatives, of helping foment the deadly struggle in which Europe is now locked. Congress has dicounted the charges because they are not exactly new. Similar charges, using different names, have appeared so frequently during the past five months that they may well be considered part of the new diplomatic technique. According to its version of recent history, war-mongering China incited the friendly Japanese into invading it, the barbarous Czechs provoked the armies of the Third Reich into subduing it, the belligerent Poles forced Germania to sacrifice the finest flower of its youth in a "counter-attack with pursuit," and hose provocators of war, the Finns, forced Russia to defend itself against attack—on Finnish soil.

America can leave the name-calling tot he others. Her wisest course is to ignore the carefully manipulated attempts of all belligerents to stir up hatred, distrust, and confusion in this country.

## ONE OF THE TROUBLES

Quarterly statements of 15 large banks in New York showed thta while deposits have risen to record highs, that loans and discounts have actually declined. A total of nearly 42 per cent of the assets of Wall Street banks are idle—unemployed, not recreating wealth.

## KEEP THE LID ON

The outrages upon the Scandanavian nations have the tendency to raise the war fever. But it is well to keep in mind the fact that the Uuited States didn't do very much good during the last war, and that as a result of it our domestic affairs are still troubled and upset. This is not our European war, but we do have our neutrality to safeguard and our country to protect.

A Gallup poll conducted in Texas shows that the Lone Star State is till Democratic. We hope the John Hamilton, the Republican National Chairman, will be ble to bear up under this news.

Half a million Finns flee from the territory Finland has ceded to Russia. Utopia has a frightful aspect for them.—— Somerset (P.) American.

Teach us delight in simple things
And mirth that has no bitter springs;
Forgiveness free of evil done,
And love to all men 'neath the sun.

## Politically Speaking

by JOHN W. DUNLAP
United Press Staff Correspondent

SACRAMENTO, April 25 —(U.P.)— The surprising Mr. Patterson, lieutenant governor and head of his own ticket in the May 7 presidential primaries, always manages to stay in the headlines.

His latest about face—disavowing a third term for President Roosevelt—produce publicity but likely will drop the Patterson ticket fourth and last amonk the Democrats when he votes are counted.

Here is how Patterson put, which might be interperated variously:

"We are not for or against Roosevelt. We feel that Roosevelt has given up the New Deal policies in many instances. We intend to pressure him to return to them and to forget Europe's war which doesn't concern us. We want to keep big business from moving into the Democratic party. . . . We are against taking American sailors off American ships and then sailing the ships under (foriegn) flags."

Patterson had his share of criticism of the Roosevelt slate which includes Governor Olson. He called it the "Olson Roosevelt coat-tail slate" and added that the delegates pledged to Vice President John Garner was not Democratic and should be over in the Republican party.

The logic of Patterson's moves is not always apparent, although the latest opposition to the president may have something to do with his campaign for United States Senator.

Governor Olson had a brief comment on Pattreson's change of attitude. He said: "Such a thought would be natural for Pattreson to entertain since he has a keen sense of vaulting ambitions."

Patterson's senatorial chances, incidentally, likely will not be good now that militant Hiram Johnson has announced he will come to California to begin his campaign in May, whether Congress has adjourned or not.

Johnson has indicated he will file on three tickets, Republican, Democratic and Progressive. He won all nominations six years ago without perceptible opposition.

Patterson has always represented himself as a labor man but Johnson already has the strong support of the American Federation of Labor in California.

The reaction to the resignation of Richard Olson as private secretary to the governor was almost universal that it was a good move all around. And most felt is should have been sooner.

Young Olson's effectiveness has been hampered by the mere fact that he is the son of the governor. The same situation prevailed when Jimmy Roosevelt was too close to the President.

There is little doubt but that Richard Olson has been of great assistance to his father, particularly during the early days of the Olson administration when the governor was seriously ill.

The resignation has been rumored for months. When Richard suffered a physical breakdown and went to Hawaii last fall, it was believed he would not return. But he rejoined the state payroll until ApAril 1, when he went to Washington on private business. He wired his father that his affairs would prevent his return on schedule and he desiered to re-enter his private law parctice.

Kenneth Fulton, one of Olson's early secretaries who was transferred to a deputyship in the Department of Natural Resources, comes back to the corner office in Richard's spot. Fulton's salary remains the same at $5,000.

With Mr. and Mrs. Richard Olson and their two children moving from the executive mansion back to Los Angeles, the governor is undecided whether to remain in the historic thre-story mansion or establish headquarters elsewhere at less total expense. Many previous governors have not occupied the mansion, including Frank Merriam and Jim Rolph, Jr.

## Know Your AMERICA

Ed. note: This is one of a series of short articles taken from data compiled for scenes of "America! Cavalcade of a Nation", theme spectacle of the 1940 California World's Fair.

As a token of thanksgiving, Christopher Columbus named the first land sighted in the New World "San Salvador", which means "Holy Savior." Ending two months of terrible hardships, Columbus himself sighted a light on the island just before midnight, October 11, 1492, from the deck of the Santa Maria, flagship of his little fleet of three small vessels. On the morning of the next day this fearless man, so often ridiculed by his contemporaries as the "madman of Genoa," stepped ashore with his crew of 87 men and took the new land in the name of Ferdinand and Isabella, King and Queen of Spain. He made three visits to the New World later and on his third voyage had the satisfaction of landing on the mainland.

# LAKE TAHOE NEWS

"NEWS & VIEWS ABOUT THE LAKE"

by ANNE B. ANDERSON

### CONTINUED RISE SEEN FOR LAKE TAHOE BY RECLAMATION MAN

TAHOE CITY, April 25.—A continued rise in the level of Lake Tahoe is noted in the following figures:

Level April 22 1940 ..... 6227.00
Level April 15, 1940 ..... 6226.89
Level April 25, 1939 (year ago) 6226.94

W. A. Simmonds of the reclamation service here expects to see the lake raise at least another foot this year. Last year the highest recorded level was reached on May 29, 30 and 31 when the gauge read 6227.22 feet.

Highest temperature on Sunday was 63 degrees and the lowest was 31 degrees.

Only three or four inches of the snow pack remains at the lake level but there are many added feet in the hills.

Traffic was heavy over the week-end with many ski-topped cars still in evidence.

Everett Prusso popular resort owner of Lake Tahoe is now in Chicago wher he is working for a large firm. Mrs. Prusso will again operate the Forest Inn at Ward Creek this summer.

### TAHOE SCHOOL NOTES

TAHOE CITY, April 25.—Public Schools Week was observed in the Tahoe school beginning last Monday with an open house for parents and friends which was enjoyed. The children of the elementary grades had a fine display of art work that coordinated the history period currently being studied. Some fine posters with cloth applique work picturing famous men of the Revolutionary War drew much favorable comment.

A farm project was under way in the primary room where stories of farm life were told by the pupils.

In the high school a class in Junior English was observed taught by vice-Principal Mrs. Bliss Hinkle. A class in General Science taught by B. F. Crorigan was also in progress.

Personal copies of desk dictionaries have been ordered for the pupils by Dr. John Napier, principal of the Placer Union High School at Auburn who visited the Tahoe branch, accompanied by Elwyn Gregory, the county superintendent of schools.

Enrollment in all the schools is increasing every week.

### ROBERT TURNER, KNOWN AT LAKE TAHOE DIES IN WINTERS TRUCK MISHAP

MEEKS BAY, April 25.— Meeks Bay friends were grieved to hear of the death of Robert Turner, which occurred at Winters, Tuesday, April 16, when he was injured by being caught in a dump truck lifting gear.

He leaves a widow and one child.

Burial services wer held at Winters Thursday, April 18 with the Masonic Lodge in charge.

Turner had spent many summers at Meeks Bay where he was universally liked. Tahoe friends extend sincere sympathy to he bereaved relatives.

### FLOWER ARRANGING AT TAHOE MEETING WINS APPROVAL OF LADIES

TAHOE CITY, April 25.— A fine lecture and demonstartion of flower arrangement was given at Tahoe Community Center Saturday, April 20, by Mrs. Mae Kayo of Penryn, under the auspices of the Tahoe Women's Club. Fourteen beautiful arrangements were shown with one oustanding combination of tall white tapers, encircled by flat semicircular containers holding white sweet alyssum, forget-me-nots, rosebuds and pansies, bringing much comment.

A grouping of watsonia in pink and white was very lovely as was also a vase of our lovely manzanita, tastefully arranged.

Alder catkins in a copper bowl with colored rocks and pebbles and a small oriental figures nearby formed a Japanese like setting of rare loveliness.

Afternoon tea was served to the guests by the club president, Mrs. Willis Hevel, assisted by Mrs. Floyd Carnell and Mrs. Bliss Hinkle. The speaker has given many fine lectures before nearby garden clubs including the Auburn Flower Club. She studied for several seasons with a Japanese teacher in Sacramento.

Out of town guests included Mrs. M. Strong of Sacramento, Mrs. Dan Smith and Mrs. Rose Kielhofer of Truckee, Mrs. Catherine Maderos, Miss Vera Bowa and Mrs. Sara B. Hunter all of Sacramento.

### PLANS ARE MADE FOR AUBURN DISTRICT FAIR

The Twentieth District Agricultural Fair to be held at Auburn on June 7, 8 and 9 will distribute $8,000 in premiums, according to tentative plans being prepared by the board of directors for submission to the state department of finance.

### INFANT MORTALITY RATE LOWEST IN STATE HISTORY

SACRAMENTO, April 25.— (UP)— California's infant mortality rate in 1939 was the lowest in the history of the state, the department of public health reported yesterday.

The rate last year was 42.1 deaths per 1000 live births, compared with a rate of 43.8 in 1938.

In Nevada County there were 12 infant deaths reported for 1939 a mortality rate of 33.9 per 1000 live births. The 1938 rate was 45.7.

### NEW TAHOE DEPARTMENT HOLDS FIRST FIRE DRILL

TAHOE CITY, April 25.— The newly organized fire department had a fire drill on Monday afternoon.

Fire Chief Albert M. Henry, Sr., and his aassistant Albert, JJr., directed the drill.

### SPRING CONSTRUCTION AT TAHOE WELL UNDER WAY AS CREWS BUSY

TAHOE CITY, April 25.— Spring construction is well under way all around the lakeshore with many resort owners adding to and remodeling their buildings in preparation for the approaching season.

At the north end of the lake a large new frame structure will house a well equipped restaurant and will be under way in a few days by Joe King of Kings Beach.

At the south end of the lake, at Meyers Wye, the buildings of the Lampson Produce Company are being resurfaced with brick veneer by Contractor John Spencer.

At Tahoe City the interior of the Tahoe City Grocery is being remodeled by the propretor, Carl Bechdolt, Jr. who is also having his home at Tahoe Park redecorated.

### BIRTHDAY PARTIES ARE HELD FOR TAHOEANS AT HOMES SATURDAY

TAHOE CITY, April 25.—Birthday parties were held Saturday for several Tahoe residents.

At Rubicon Lodge Captain Hans Hansen entertained at a dinner party and was surprised when guests revealed that they knew it was his natal day and presented him with appropriate gifts and two delicious cakes. An evening of dancing followed the dinner.

Guests included Mr. and Mrs. A. M. Henry, Mr. and Mrs. Radfrod Kiefer, Mr. and Mrs. Harry Walker, Mr. and Mrs. William Elam and Mr. and Mrs. Jack Hale.

At Tahoe City a birthday party honoring tiny three year old Carol Shifton and Mrs. Chrales Pick was given at the home of Mrs. William Shifton. Delicious cakes for each honoree were served.

Guests included Mrs. Carl Bechdolt, Jr., and her daughter, Christine, Mrs. Stanley Martin and son, Stanley, Jr., Mrs. Art Nelson, Mrs. Anna Pyle with her daughters, Shirley and Rae and the honorees.

### GAME WARDEN'S WIFE ACCOMPANIES HIM ON SKI TRIP INTO WEBBER

TAHOE CITY, April 25.— Game Warden and Mrs. William LaMarr skiied into Webber Lake Monday to visit Mr. and Mrs. Bernard Scott who have been living at the isolated resort all winter. Mr. Scott has recovered from his injured arm and is doing nicely.

As the trek is eight miles in and back it was quite a trip for the lady to take.

## STOCK RAISING IS OLD INDUSTRY IN TRUCKEE EARLY HISTORY SHOWS

25th

The following is another excerpt from The Tourist Guide and Directory to the Truckee Basin, published at the Truckee Republican office by C. F. Edwards, publisher, in 1883.

### CATTLE AND SHEEP

From June until October every mountain side is covered with droves of sheep, driven here by the wool growers, to take advantage of the excellent pasture which covers the entire region during the summer months. Truckee is the suppy point and headquarters for these drovers and herders. The grazing season is also the shearing season and it only requires a glance to see that the wool yield must be enormous when taking into consideration the fact that from 75,000 to 100,000 head of sheep are annually pastured in the Truckee Basin.

The cattle business forms quite an item. The increase of the dairy herds which average from 40 to 75 to the drove is also an important feature. The calves, many of them, are retained by the dairymen until they become, in drovers' parlance, "aged," or about three years old and each drove of milch cows is usually supplemented by an equal or greater number of feeding stock, destined to be beef. A goodly portion of this stock is disposed of further west. Still Truckee has its share.

From Sierra Valley, 28 miles distant, comes numerous droves of beef cattle, some of them raised in that valley, many more driven from as far away as Oregon. Sierra Valley is a vast hay meadow and very many work cattle as well as beef cattle are wintered and fed on the nutritious hay that grows in such lavish abundance.

Over 1000 head of prime beef cattle are driven into Truckee each year and it is a matter of surprise to starngers and others to witness the elegant displays that are featured by Truckee meat markets.

Truckee Basin proper is really a summer country. It possesses no chamrs for the stockmen during the winter and it is only during the grazing period that the drover can be seen in and about the precincts. With the first blast of winter he gathers his stock together, packs his ranching outfit and seeks greener fields in the foothills of the Sierra and in the Sacramento valley.

As a grazing country during the summer months this section has no superior as is fully attested by the large number of experienced cattle and sheep men who yearly take advantage of its verdant meadows.

### EMPLOYMENT GAINS

SACRAMENTO, April 25.— A 22.5 per cent increase in California employment for March, 1940, over the preceding month, as reflected in replacements made by the state department of employment, was announced today by R. G. Wagenet, executive director.

The placements represented a 23.2 per cent increase over Febrauary in private employment and 17.2 per cent in public jobs.

### FACTS AND FISHES

THE answer to all the fisherman's prayers is found in the waters off the west coast of South America. The waters off Talara, Peru, yield the world's largest black marlin. In the grounds off Tocopilla, Chile, all the world's record broadbill swordfish have been taken, as well as top-ranking specimens of that acrobat of the Pacific, the striped marlin. Just in case you think this is just another fish story here are some fantastic — yet perfectly true — figures:

Three swordfish have been caught off Tocopilla weighing 500 pounds or more—the record-breaking one tipping the scales at 842, and an outsized specimen of 1600 pounds was harpooned in the same waters. The average weight for broadbill swordfish in these waters is 525 pounds; and for striped marlin, 300 pounds. The latter have been taken up to 483 pounds. In fifteen days of fishing near Tocapilla a pair of anglers sighted 73 broadbill swordfish and 50 striped marlin—one day one of them had six strikes and caught six heavyweights.

The photograph here shows Mrs. Kip Farrington with her 584 pound catch at Tocopilla which broke the women's world record.

The first man to fish the waters off Talara, Peru, took a pair of 600-pound black marlins and last season another angler caught a 704 and a 714 pounder.

In order that the fisherman may reap the greatest returns from his holiday, Grace Line recently shipped two completely equipped Elco fishing cruisers to Talara; and two to Tocopilla; and has opened a

comfortable up-to-date guest house in each port. With such facilities it is expected that these fishing grounds soon will become the popular goal of all the big-time rod and reelers!

## POLITICAL PARADE

By CLEM WHITAKER

California's crusade to stamp out relief racketeering and put a ceiling on taxes—first inaugurated by the bi-partisan economy bloc in the State Legislature, and now vigorously supported by a Statewide Citizens Economy Bloc—may have nationwide repercussions.

From U. S. Senator Robert A. Taft of Ohio, a leading presidental aspirant, has come strong commendation for the California movement.

And from Oregon, Washington and several western states, have come requests for full information on the facts unearthed by the relief investigations here, the reforms instituted and the tax savings effected.

In a letter to Senator Jerrold L. Seawell of Roseville, president pro-tem of the State Senate, and one of the leaders of the legislative economy bloc, Senator Taft wrote as follows:

Dear Senator Seawell:

My attention has been called to your address, "The Truth About Relief." I was extremely interested in the local situation in California, which has been played up considerably by those who demand more Federal W. P. A.

Your analysis of the situation is the best I have seen and shows a sound comprehension of the relief problem. It seems to me that relief must be decentralized and administered by local committees or administrators under strict civil service requirements. The State and Federal governments will have to provide a large proportion of the money to be used, but the localities can assume responsibility for the actual administration.

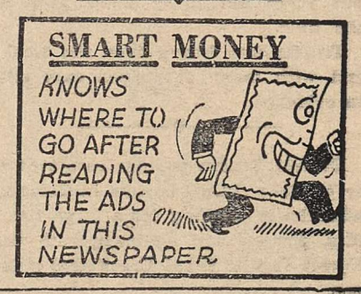
If you happen to be in Washington I should like to have an opportunity of discussing the question with you.

Sincerely yours
Robert A. Taft.

The Seawell address to which Senator Taft referred was delivered at the conclusion of the recent special session of the State Legislature—and was in the form of a report of the economy bloc's work in "squeezing the water out of the SRA stock." It concluded with the statement: "Many of us in the Legislature believe that the only satisfactory solution of the relief problem will be abolition of the present top-heavy extravagant SRA structure and return of relief administration to the counties."

Speaker of the Assembly Gordon Garland, Assemblyman Sam Yorty, whose committee ferreted out subversive activities in the SRA and other legislative leaders have likewise reported requests from other states for information on California's relief reform crusade.

And it begins to look like California may have touched off a national movement of far-reaching significance!



## The Man At The Keyhole

by OPERATIVE WB

Behind the scenes there are strange goings-on in California's Democratic presidental primary. What started out to be a four-cornered race, our spy reports, may soon be only three cornered, wth the Ham and Eggers abandoning their ticket to team up with Ellis Patterson's slate of left wingers. And if the "deal" goes over the Patterson ticket will place all its advertising (with 15 per cent commission) through the Allen-owned Cinema Advertising Agency. What a business!

Labor's Non-Partisan League which once fought hammer and tongs for the New Deal and Mr. Roosevelt, now sallies forth with the slogan "A vote for Roosevelt is a vote for war!"

Whispers from the grapevine: J. F. T. O'Connor, former Comptroller of the Currency, may soon be appointed state bank superintendent. And two Olson appointees who are opposing the Olson-Roosevelt presidential slate will be fired—after the election. Their names: Carey McWilliams, the chief of the state bureau of immigration and housing and Germaine Bulcke, member of the fish and game commission.

### CALIFORNIA COLLECTS MORE IN STATE SALES TAX THAN ANY OTHER STATE IN U. S.

SACRAMENTO, April 25.—(UP)—California collects more money with its three per cent sales tax than any other state, with the total yield amounting to $89,400,729 in the fiscal year 1939, the state board of equalization revealed this week.

Two other states—Ohio and Illinois—have larger populations that California but collect less money, even though their tax rates are the same.

Dixwell Pierce, secretary of the board, said California's records shows even more favorably when adjustments are made for exemptions from various levies.

For the fiscal year, sales tax collections in Nevada County totalled $196,067, compared with $200,577 the previous year.

## ALONZO RIGGS SEEN AS CANDIDATE FOR SENATORIAL HONORS

The Ham and Eggers of California have a candidate in the field for U. S. Senator against Hiram Johnson, Progressive Republican incumbent. He is Alonzo J. Riggs, Ham and Eggs lecturer and formerly state supervisor of adult education from 1935 to 1938.

Riggs platform is ultra-New Deal, advocating national a Ham and Eggs pension plan, free health service, a degree of nationalized education, absolute neutrality.

Riggs believes that Franklin D. Roosevelt is the greatest humanitarian and President the United States has ever had and believes he will be drafted for a third term.

The slogans "Human Rights Above Property Rights" and "Protect Our Veterans, They Protected Us" are the by-words of Rigg's campaign.

## Campaign to Combat Forest Fires For 1940 Is Started

SACRAMENTO, April 25 —(U.P.)— Preparation for the 1940 campaign against forest fires in California is now being started under the direction of Earl Barron, newly-appointed fire cheif of the State Division of Forestry.

The tSate Department of Finance has allocated $75,000 for the forestry division to be used between April 15 and May 15, with 263 fire suppression crew members, truck drivers, cooks and similar employes to be hired this month. The staff will be augmented May 1 by 630 more workers, all from civil service lists.

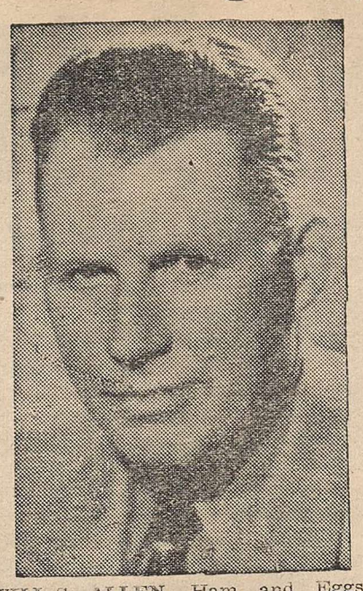
New federal restrictions will not permit C. C. C. crews to assist state fire fighters except in grave emergency.

### CZECHS EXHIBIT AT FAIR

Czecho-Slovakia, though prostrate, will be represented with exhibits at the Golden Gate International Exposition of 1940.

# Candidates In Coming May 7 Primary

FRANKLIN D. ROOSEVELT, incumbent president, is favored by a list of delegates, mostly members of the state adminstration machine, headed by Governor Olson. Naturally, this ticket is pro-third term and a close favorite for election.



WILLIS ALLEN, Ham and Eggs pension leader, will head his own delegation if it is elected in the Democratic primary. The sole purpose of the Allen ticket is to secure a plnak favoring the pension scheme in the national platform.

JOHN NANCE GARNER, incumbent vice president of the United States has a delegation entered for his candidacy for presidenti in the May 7 primary. This ticket is conservative and led by "economy bloc" members of the state legislature.

### LONE TROUT AT FAIR TO HAVE COMPANY SHORTLY

The lone trout, "Herman", who has spent all winter in the pool in the courtyard of the Mission Trails Building on Treasure Island, will have plenty of company when the Fair in '40 opens on May 25, it was announced today by Howard Horrworth, managing director of the Mission Trails Association. A couple of dozen more ranbows will be placed in the pool, Horrworth declared.

### GOVERNOR OF PENNSYLVANIA TO SPEAK TOMORROW NIGHT

Arthur H. James, Republican Governor of the Commonwealth of Pennsylvania, will speak Friday evening, April 26, over a nation-wide hookup on the NBC-Blue network.

Governor James will be the guest speaker at the Indiana Republican Editorial Association meeting at Indanapolis. His subject will be "The Present Crisis."

He will be heard at 7:30 p.m., Pacific Standard Time.

Governor James is a favorite son candidate for president and a likely choice for either president or vice president this year.

ELLIS E. PATTERSON, California's lieutenatn governor and arch-liberal, will head his ticket to the convention if elected, to secure a platform of ultra-liberalism. Patterson is very ambitious and is capable of surprising feats politically speaking.

JERROLD L. SEAWELL, State Senator from Roseville is the nominal candidate of the only Republican delegation. He is ambitious to go for the governorship or U. S. Senate and his obtaining of the virtually unpledged delegation in his own name was a step in the right direction.

## JOHN ANSON FORD TO RUN FOR U. S. SENATE ON PEACE PLATFORM

John Anson Ford, candidate for the United States Senate, announced this week that his northern California organization is now engaged in setting up Ford-for-Senator committees in all of the 40 northern counties. Frank A. Devlin, San Francisco attorney, heads the northern organization.

"Our marked success in organizing the north as well as the south", said Ford, "is partly due to swiftly moving events which have arroused all California to vital national issues.

"In my contest for the United States Senate I shall fight for peace and security. If we Americans hold fast to our determination to keep out of war, no foreign force can change our course. If we were to get into war, we would lose our social gains and democracy itself."

Ford is a Democrat and a member of the California delegation pledged to the third term of the President.

## S. P. ANNOUNCES NEW TRAIN ON OVERLAND ROUTE, BICK STATES

Providing additional de luxe accommodations for travel between eastern points and San Francisco this summer, a new, all-Pullman streamlined train, the "Treasure Island," will be placed in service on the Overland Route for three months beginning in June, R. P. Bick, local agent for Southern Pacific, announced today.

The new train, to be operated jointly by Southern Pacific, Union Pacific and Chicago & North Western railroads, will make a roundtrip every six days, and will be of particular benefit to San Francisco Exposition visitors. It will enter service from Chicago and will stagger its trips with those of the streamliner "City of San Francisco," and the "Forty-Niner." This, it was pointed out, will give super-speed train service every second day on the San Francisco-Chicago run.

A nine-car train painted light gray, the Treasure Island will consist of six lightweight Pullman sleepers of latest design, diner, lounge-observation car and baggae car. Its sleeping cars will have room space only, totaling 40 roomettes, 30 bedrooms, nine compartments and five drawing rooms, according to the announcement.

The running time of the new extra fare train will be the same as that of the Forty-Niner—47 hours and 55 minutes eastbound and 49 hours and 55 minutes westbound, it was stated.

### NEVADA COUNTY SHOWS DECREASE IN REGISTRATION

County Clerk R. N. McCormack, ex-officio registrar of voters, has completed the tabulation of the registration. It shows a decrease of 491 ovtes from that of the general election of 1938.

District No. 5 suffered the largest loss in registration due to the abandonment of the Hobart Mills plant and the completion of Boca Dam. The registration in this district was 1140 n 1939, this year it is 878, a loss of 262.

The Democratic registration this year is 6,366, off 322 from 1938. The Republcans, with 3,914, have lost only 79 from the 1938 total of 3993.

Minor Parties: Socialist, 17; Prohibition, 12; Progressive, 6; Declined to State, 231.

While the county is definitely Democratic, there are eight precincts in the G. O. P. column. They are: Nevada City No. 2; Grass Valley Nos. 4, 5, 6, 8 and 9; Indian Springs and Pleasant Ridge.

Long Distance rates are especially attractive to most points between 7 P.M. and 4:30 A.M. and all day Sundays.

PEOPLE say modern lighting that is "easy on the eyes" makes the eyes feel better . . . And they are right . . . Good lighting brings out the beauty of the home furnishings . . . It aids personal beauty, too.

Light that is glaring brightness or that is dim and gloomy makes hard work of seeing. It causes squints and frowns and scowls and brings on many premature wrinkles and face-lines.

Good, modern lighting merely means the right kind of light, and the right amount of light where you read or sew or use your eyes. And you can have it easily, quickly, inexpensively.
